

BRIEF GOLF RULES

Golf is a game in which a ball is struck with a club from a prepared area, known as the "teeing ground", across fairway and rough to a second prepared area, which has a hole in it, known as the "putting green".

The object of the game is to complete what is known as a hole by playing a ball from the teeing ground into the hole on the putting green in the fewest possible number of strokes. A "round of golf" consists of playing 18 such holes.
